EDITORIAL

Dear Colleagues,

After having an exhausting academic year, we are very pleased to welcome you to the June issue of our journal. I send my compliments to our colleagues who continue their academic work devotedly despite the current circumstances in our country that make us feel pessimistic about our profession. We are very glad for and motivated by increasing interest of the national readers as well as those following our journal from abroad. It is our wish to assemble the closure meeting of this academic year with the Congress of Turkish Association of Andrology that will be held in Bodrum and to make an opening with the Grand Urology meeting that will be held in Antalya.

In the first days of the sunny summer season, I wish you an enlightened, peaceful, and efficient academic year.

Best Regards
